

FLYWHEEL WEIGHT OPTIMIZATION PRODUCT MODIFICATION and Visual Differences

NOTIFICATION OF PRODUCT CHANGE

Affected Part Numbers:

- 826317 (52255602)** -Conversion Kit Volkswagen Jetta 1.8L 99-05
- 835035 (52285616)** -Conversion Kit Volkswagen Jetta 2.5L 05-10

Change Summary

Valeo performed a manufacturing change to optimize weight distribution and improve balance.

- Parts are 100% interchangeable with the superseded design
- Critical dimensions were not affected so there is no difference in fitment or clearances

Visual Differences

- Brighter appearance with cleaner machined surfaces
- Engine side of flywheel:
 - Mounting flange remains the same
 - Flywheel steps are pushed outward for more torsional strength
 - Thinner machined outer ring
- Transmission side of flywheel:
 - Mounting flange surface area remains the same
 - Flywheel steps are more gradual up to the step for the contact surface
 - Same ring gear to maintain superior strength and longevity/reliability
